# Cradio keymap (primary) — overview

**Fn** — hold **Spc** (left thumb)

**Nav** — hold **Enter** (left thumb)

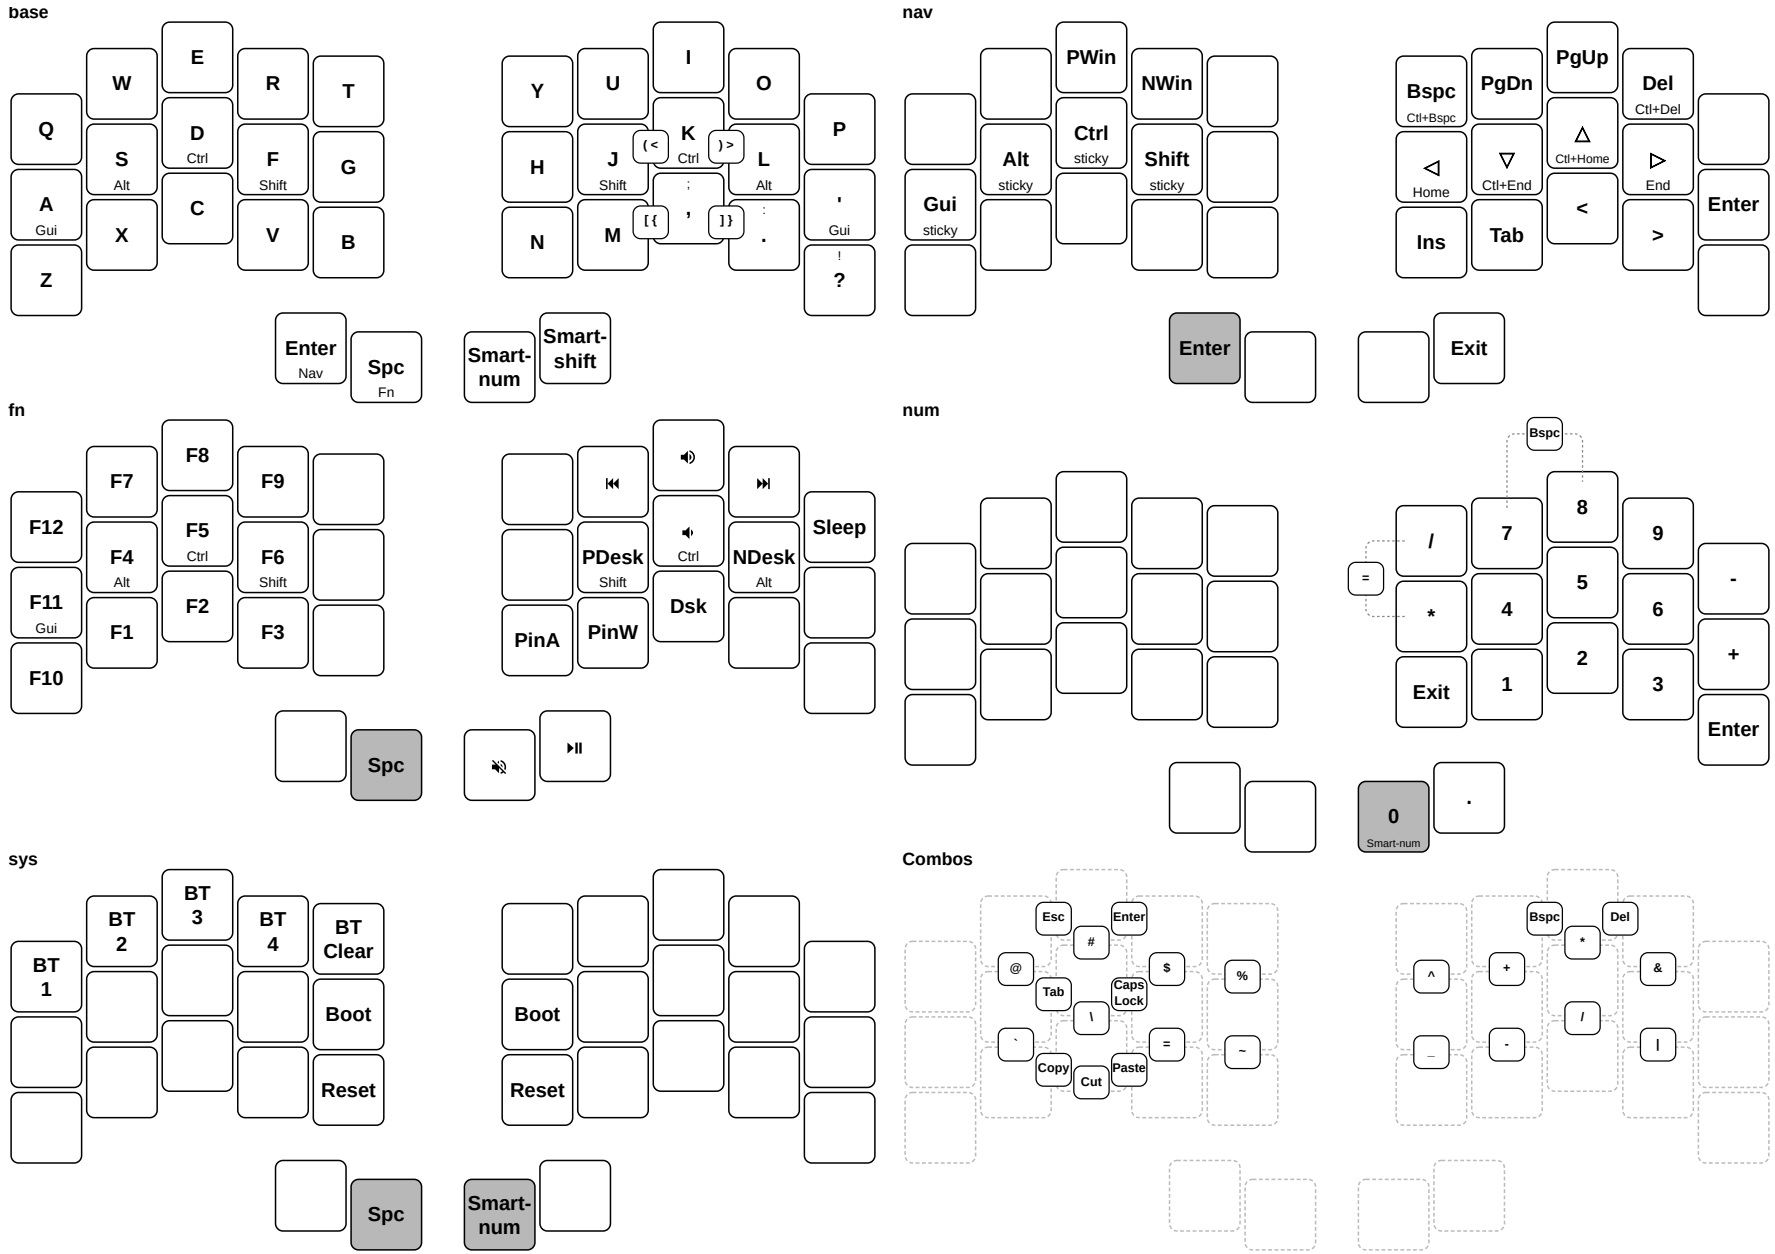

Fn Nav
**Letter**
Num hold Sys

**Num** — **Smart-num**: tap = num-word, hold = while held

**Sys** — hold **Smart-num**, then **Spc**

Black combos (**=** and **Bspc**) only work on the Num layer.

# Cradio keymap (primary) — every layer

grey key = the key you hold to reach that layer (Sys: hold Smart-num, then Spc).
